A Word from the Selectmen

To the People of Cornish:

Another year—and another Report has been prepared, and is hereby presented tto you.

A new G. M. C. truck was purchased, (all paid for), as per vote at Town meeting, and has proven very satisfactory, to date. The last note on the Oshkosh truck was paid.

The new water system at the garage and boiler room was installed. A much needed utility!

The Class V Money From the State was used, in part, to pay for the new abutments and furnish new steel decking and guard rails for the Smith birdge at the corner of So. Cornish and Tandy brook roads. Graveling, bulldozing and culvert work was also done through the use of ths fund.

The T. R. A. money was again used on Dingleton Hill to continue the project started in 1958. It is felt that this road job should continue until completed, and road surface oiled, to lesson the danger of washing.

Repairs made, after the damaging flood of early June, was anunforseen expense to the Highway Department.

Some repairs and grading has been done at the various cemeteries. We wish to thank the Trinity Church Members, and accept their kind offer to furnish paint and labor, for painting the fence at Trinity Cemetery.

There have been Six new Trust Funds, for cemeteries, received and accepted the past year. Namely: $100.00 from the Estate of Minnie E. Smith for the Minnie E. Smith Fund. $100.00 from Mrs. Herbert E. Wood for the Comings and Wood Fund. $150.00 from Ruth A. Young for the Will E. Young Fund. $150.00 from Marion K. Davis for the Lewis C. Peaslee, George A. Truell and Ebenezer Mitchell Fund. $100.00 from Howard T. Demerse for the H. T. Demerse Fund. $100.00 from John S. Dinkel for the Dinkel Fund. Also, we wish to acknowledge receipt of, since January -, 1961: $100.00 from The Hunt Family and Ted Huggins for the Dr. George

W. Hunt Fund. $100.00 from Samuel F. Smith for the Samuel F. and Clara K. Smith Fund.

Plese note: Permits, issued by the boad of Selectmen, are required **before** erection of any enclosed building or to altar the bulk of any building.

All dogs, three months old or over, must be licensed on or before April, 30.

We wish to thank you for your help and cooperation.

Respectfully

HERBERT H. HEDGEMAN
HARRY J. NELSON
JESSE B. DEMING

Report of the Cornish Civil Defense

Our Civil Defense activity has been somewhat less active this year than I would have liked, but it still functions.

In review, I would like to mention first, that the program presented to the P. T. A. last March was informative and well received. Miss Ruth Whitcomb, State Deputy Director of Woman's Activities spoke on fall-out shelters, and pertinent material was given out.

On May 6th during National Civil Defense Week, we tried out our new communcation telephones, and the discrepency which occurred has been corrected through the State office.

Also, a drill to evacuate our school was planned and successfully carried out by one of our Deputy Directors, Jack MacMillan. The drill was to see if we could get the children home within an hour after the alert was sounded. This was done with minutes to spare —In Jack's own words:—"The success of any undertaking is organization. To the School Board, teachers, the regular bus drivers, and those who gave of their time and use of their cars, the Cornish Civil Defense wishes to say, thank you" for a mission well done. Thank you, too, Jack.

Our two faithful communication workers, Barbara Laval and Annie Cole, have had to give up for personal reasons—Our grateful thanks to them for a job well done. Two others came forward to replace them. Ruth Brooks will take on the Claremont line, and Barbara Kenyon the Plainfield line. We welcome them and their spirit of co-operation.

Pearl Harbor Day, Dec. 7th—has been designated by ex-President Eisenhower as National Civil Defense Day annually. At that time. Cornish co-operated with headquarters in a national telephone alert.

I am very much concerned that our Gonset Communicator is not yet in the RACES network. Because we have had trouble connecting with Newport from a building at my home, the School Board has given this organization permission to use the school building as a center in the event of an emergency. Here the Communicator will be installed, as well as a generator to keep the power going in the event of REA failure.

Four men from Cornish have just completed the C. D. Police Course held at Lebanon January this year. Ours was the largest representation from any town in the area.

Over and over, Cornish residents have proven their willingness to co-operate. It is most gratifying to work with you.

Respectfully submitted.

(MRS.) HARRIET D. RUNNALS,
Director.

Town Planning Board Report

The Planning Board continued to care for the picnic area on the South Cornish road and has plans for future development.

More signs will be ready in the spring and it is hoped that, eventually, all roads will be marked.

Your Board would once again like to remind all townspeople that meetings are open to the public and that suggestions are always welcome.

Report of the Fire Chief and Warden

The Cornish Fire Department was called thirteen times this year. There were four chimney fires, three building fires and six grass and woods fires.

The Village of Windsor, Vt. Fire Department was called to two fires that the Cornish Department was not called to.

Some of our 1½ inch hose should be replaced. We got 250 feet of new 1½ inch hose this year.

The Claremont telephone exchange went dial in September, so the town had to have a Fire Telephone Red Network.

In case of fire call Claremont 54 2-4241 which is the fire network to be used for fire only.

The Fire Chief and Warden telephone number is Claremont 54 3-3836.

ELLSWORTH H. ATWOOD,
Fire Chief and Warden.

Prevention Is Your Business

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed—all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First—by setting a good example YOURSELF—being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second—by using YOUR individual influence in your community and valued council with others in issisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning—don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles—make sure they are out—use your ash tray.
5. Don't burn at home—use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires 6
Number of acres burned 3
Number of permits issued 146

Windsor Visiting Nurse Association

Cornish Report For 1960

68 home visits were made in Cornish, in 1960, to give bedside nursing care. One of these was free and the others were paid.

On June 21st, a Salk Vaccine Clinic was conducted by the V. N. A. at the Windsor Legion Hall. At this time many people from Cornish availed themselves of the opportunity to receive their polio shots.

Library Trustees' Report

This year we feel we have broadened our scope as never before. We have reached more young people and made friends. Soon we hope to have a "Friends of the Library" organization.

We are asking this year for money to install a new furnace and start other major repairs that are beginning to be urgent. We hope the townspeople feel the same pride in the library that we do. We can only urge as we always have, "Take advantage of what your library offers you." It's yours.

Sincerely, trustees.

School Warrant

State of New Hampshire

To the inhabitants of the School District in the Town of Cornish qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the eleventh day of March, 1961, at one-thirty o'clock in the afternoon, and the polls will be open from 10:00 A. M. to 6:30 P. M., to act upon the following subjects:

1. To choose a Moderator, Clerk, Treasurer and Auditors for the ensuing year and a Member of the School Board for the ensuing three years.

2. To determine and appoint the salaries of the School Board and fix the compensation of any other officers or agents of the district.

3. To hear the reports of Agents, Auditors, Committees, or officers chosen, and pass any vote relating thereto.

4. To choose Agents and Committees in relation to any subject embraced in this warrant.

5. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of district officials and agents, and for the payment of statutory obligations of the district and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund, together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

6. To see if the district will authorize the school board to appropriate receipts from federal lunch reimbursements, tuition, gifts and any other receipts from miscellaneous sources, in addition to the original appropriation for 1961-62, for the lunch program, general expenses, equipment and improvements.

7. To see if the district will authorize the school board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the U. S. Government and/or state agencies.

8. To transact any other business that may legally come before this meeting.

Given under our hands at said Cornish this twenty-fourth day of February, 1961.

ANNA T. HUNT,
ALVAN BARRUS,
MICHAEL M. YATSEVITCH,
School Board.

Superintendent's Report

To the School Board and Citizens of the Cornish School District:

I respectfully submit my annual report as your Superintendent of Schools.

TEACHING STAFF

The Cornish School opened on September 7th with the same teaching staff as of the previous year. The teachers and their assignments are as follows:

Mrs. Eva Bernard, Principal and Grade 8
Mr. John Stevens, Asst. Principal and Grade 7
Mrs. Marion Stone, Grade 6
Miss Doris Williams, Grade 5
Mrs. Julia Anderson, Grade 4
Mrs. Lillian Symonds, Grade 3
Miss Maila Suojanen, Grade 2
Mrs. Marjerie Kidder, Grade 1

Mr. Bruce Wood continued as music instructor on a one day a week basis, combining with the Charlestown School District as a full time teacher.

SCHOOL BOARD MEETINGS

Your Superintendent has met each month with the members of the School Board, except during July and August when schools are closed. A definite agenda is prepared for each meeting and the Secretary makes a periodic financial report to keep all members informed on the condition of the budget as the year progresses. Citizens of Cornish are welcome to attend these meetings, if any individual has a problem to be discussed, or any suggestions which would be helpful to your board and the superintendent.

The members of the School Board should be commended for their fine work and interest shown in the children of this community. They have been generous in providing for the needs of the pupils and teachers, at the same time they have practiced economy in all their policies.

MAINTENANCE

We have been pleased with the fine work of our new custodian, Mr. Perkins. He has accepted well his responsibility to keep our building clean and in order. We all appreciate the interest he has taken in his position.

Our summer program of cleaning and improvements in the building includes plans to redecorate three of our classrooms. Some minor repairs will be necessary and a few of the window shades should be replaced.

There is a need for more storage space for janitor's supplies. When the new building was built there was not sufficient space provided. Perhaps, at some future date, a small utility building could be built adjacent to and on the exterior of the present school building.

SCHOOL ENROLLMENT

It is expected that we will have a first grade entering class of about twenty-three pupils for the opening of school in the fall. This should make our total enrollment for the building approximately two hundred and ten pupils. The grade enrollments should be as follows:

Grade 1 —	23 pupils
Grade 2 —	19 pupils
Grade 3 —	30 pupils
Grade 4 —	27 pupils
Grade 5 —	25 pupils
Grade 6 —	24 pupils
Grade 7 —	32 pupils
Grade 8 —	31 pupils
Total	211 pupils

STATE AID AND INCOME

It is expected that we will have a surplus from the current school budget at the end of the year amounting to $1,700 to $1,800. Our State Foundation Aid this year was $29,076.10. Reimbursements in the form of Building Aid was $1,678.00. It is anticipated that we should collect next year about $1,500.00 in tuition monies for foster children. This total income of about $34,000 will help to reduce the amount of money necessary to be raised by local assessment.

SCHOOL COSTS

The cost of public school education is the concern of everyone and will continue to be so long as we must depend solely on the tax return from local property owners. The great need is more State Aid for Education. We have discussed this point here in New Hampshire for some time, and for years nothing has been done about it. It is evident that a serious situation is developing

and your School Board members, as well as others connected with financing of schools, are very much aware of the consequences.

Some people have the notion that public schools can operate on the same money as in previous years. But, we, as school administrators, are subject to the same problems as other business concerns of today. There is acute competition for quality teachers, because of the supply and demand. This causes the upward trend in teachers' salaries. We are also confronted with the reduction in the purchasing power of the dollar. Quality education must be planned and is not cheap.

Our per pupil cost of education last year was $199.00 per child in contrast to the State Average of $265.00 per child. Thus, it would appear that school authorities are operating as economically as could be expected, and that our expenses are not out of line with our ability to pay.

I wish to again take this opportunity to express my sincere thanks to the Cornish School Board, to all school personnel, and the citizens of Cornish for their cooperation and support of our school.

Respectfully submitted,

NOYES C. STICKNEY, SR.
Superintendent of Schools

Principals' Report

Our goal in the Cornish School this year has been to meet adequately the full curriculum demanded by the high level of Elementary Education today. With the cooperation of Mr. Stickney, our School Board, and the parents, we feel that we have come as near our goal as possible.

A welcome addition to our science program this year was the purchase of a science table for use in grades seven and eight. It has provided motivation and material for this course, thus enriching our science program.

Although our Scott, Foresman Readers have a very well planned phonetic program, the introduction, this year, of the Hay-Wingo phonic system as an additional aid in the lower grades, has strengthened this part of our reading program.

For the first time this year the Harry Hunt Memorial Essay Contest was instituted in the seventh and eighth grades by Mrs. Gratia T. Higgins and Mr. Raplh A. Brown. Three prizes were awarded, the essays were bound and presented to the Cornish Library.

Bruce Wood, our music supervisor, teaches both vocal and band music on Fridays. We have taken full advantage of this program, which we all enjoy.

Our custodians, Mr. and Mrs. Ellsworth Perkins, have done many extra things for us this year, but we appreciate most the refinishing of the cafeteria tables. Not only has this improved the appearance of our cafeteria, but also the sanitary conditions.

The lunch program has been very successful this year, serving an average of over one hundred each day. We are grateful to both Mrs. Weld and Mrs. Ackerman for the excellent lunches they have served.

We would like to express our sincere appreciation to the P.T.A. for the help it has given us; to the Stowell Library; not only for books provided for us, but for free films and the excellent Book Exhibit held for us during Book Week; to the parents and friends who do many needed things for us during the year, such as transporting children, etc.; to Mr. Jesse Stone, who has kept our play areas plowed; to Mr. Jesse Deming, who provided poles for our basketball area; to the Garden Club and other organizations whose help has made our school year more enjoyable.

To the other teachers, whose friendly cooperation has made my work a pleasure; to Mr. Stickney, our Superintendent; Miss MacIver, our Nurse; and the members of the School Board, who have helped make this a successful year, I extend my sincere thanks.

Respectfully, submitted,
EVA M. BERNARD, Principal.

Report of the School Board

The Cornish School Board desires to express its appreciation for the fine spirit of devotion shown by all the teachers, officers, and employees of the school during the past year. We wish to thank also Mr. Jesse Deming for posts for the basketball court; Mr. Jesse Stone and the Cornish Fire Dept. for work on the skating rink; Mrs. George Runnals for a gift of historical pictures, and other assistance to the school and teachers; and all those other groups and individuals who have given generous volunteer help.

Following the vote of the district at the last annual meeting, the new well has been cleaned, connected, sealed; and a well-house constructed over it. The water has been tested by the N. H. State Laboratories, found "bacterially good" and approved. This year we have had no difficulties with silt or water shortage.

Water pipes in the school building which were relocated, and insulated by Mr. Wilbur Overman, have been well tested by the recent winter weather, with no evidence of freezing.

The School Lunch Program has served more meals this year than last, with less Federal assistance; and with the help of Mr. Jonathan Ladd as accountant has continued to operate at a small profit.

The School Board has recently provided liability insurance covering the school property and all officers and employees of the school.

The School Board especially desires, and continues to strengthen, the emphasis on fundamentals of education, to the end that students may be well prepared for further schooling and the realities of life.

Respectfully submitted,

ANNA T. HUNT,
ALVAN BARRUS,
MICHAEL M. YATSEVITCH,

Report of the School Nurse

In submitting my eighth annual report as School Nurse for Supervisory Union No. 5, I would like to cite some of the changes beneficial to the School Health Program which have been made during this eight year period.

Eight years ago Supervisory Union No. 5 was made up of eight school districts in which there were a total of 22 schools. In five of these districts heating and sanitary facilities represented serious health problems. Heating these particular school buildings was next to impossible during the severe winter weather. The only persons in the school who could keep warm were those seated near the stove. In most instances the stove had to be fed frequently with chunk wood. I recall one severe winter when it was necessary to close the school buildings in one district for three weeks because they could not be heated. Frequently children, of necessity, sat in school with heavy jackets and boots in order to keep warm. Sanitary facilities were at a minimum in these buildings. Water for drinking and hand washing was carried into these schools from a nearby water supply which had been tested and approved by the State Board of Health. Lighting in these buildings was also poor.

Geographically these areas were widely separated and the large number of buildings necessitated miles of time consuming travel. This, in turn, curtailed the Nurse's services to the children in school as well as home visits and conferences with parents.

Today Supervisory Union No. 5 is comprised of six school districts, one of which is a cooperative serving two communities. There is a total of nine buildings in the Union. Each of these buildings is equipped with modern heating units, excellent sanitary facilities and adequate lighting. Hot water is provided in all buildings. The total environment in the present school buildings is one conducive to good health and good health habits.

The smaller number of school buildings affords more time for the School Nurse to spend in the school, as well as more time for home calls and parent conferences, which are so important.

New equipment to improve testing programs has been purchased. Namely: an Audiometer for hearing tests, an Orthorater for vision tests and a Wood's light for detecting scalp ringworm. This equipment makes for greater accuracy in the testing programs.

Improvements such as those listed above certainly create a healthful environment which in turn makes for better education and more wholesome living.

In conclusion I would like to extend my appreciation to all of you who have been so interested in the School Health Program and who have helped in so many ways.

Respectfully, submitted,

FLORENCE, MacIVER, School Nurse.
